This matter comes before the Public Service Commission of South Carolina (the Commission) on the motion of BellSouth Telecommunications, Inc. (BellSouth or the Company) to amend the prefiled testimony and transcript of testimony in this case to reflect 49 customers receiving a benefit from the Win Back Promotion, rather than 23 as was originally reflected in the testimony. The Company bases its motion on a mistake made by one of its employees in not updating the figures in the promotion prior to the prefiling of testimony.

In response to this Motion, the Complainants in this matter request that this Commission grant them the right to move to amend testimony if necessary in response to any amendment made by BellSouth to its testimony, and to be allowed to move to reopen the hearing if appropriate. BellSouth responded by stating that the Complainants already

have the rights requested and that no further permission from the Commission is necessary at this time.

We grant the Motion of BellSouth to amend its prefiled testimony in this Docket and to amend the Transcript. The Complainants and all other parties will then have 10 days from receipt of the amended testimony to file any motions related to the amended testimony.

This Order shall remain in full force and effect until further Order of the Commission.
